VALE—DON O'DONOGHUE

Rotarian Don O'Donoghue, former Director and recipient of a Rotary Club of Brisbane Lifetime Achievement Award passed away yesterday morning, Sunday 4th February. His wife Deann has home-nursed him through many years of severe medical problems, including blindness and surgical removal of a tongue cancer. Don retained his dignity, gentlemanly manner and sense of humour throughout these horrific physical challenges.

Don joined Rotary Club of Brisbane on 15th March 1985 and has remained a member despite his deteriorating health precluding attendance at Club meetings. Don was awarded Paul Harris Fellowships thrice and served as a Board Director. He was also the Club's representative as a director of International House, University of Queensland for many years. He was heavily involved with Donations in Kind, Rotary Northern districts along with Rotarian James Delahunty.

Ian A. Wilson introduced Don O'Donoghue to The Rotary Club of Brisbane on 15th March, 1985. There were 180 club members when he joined. Don said, "you could sit next to a different member each meeting, and you wouldn't get to know every member in the club for 3.5 years!" Don said it was the best decision he ever made, having made life-long friends through Rotary International.

One of the highlights of his history with Rotary was meeting Sir Clem Renouf AM. Sir Clement William Bailey Renouf AM was an Australian accountant and President of Rotary International from 1978–79. Don explained that in his opinion, Sir Clem probably did more for Rotary International than anyone, except the founders, by commencing the Rotary programme to eradicate Polio globally. Don describes him as an Ingham boy, nice guy, genuine Australian, reserved, tenacious, courageous, kind and highly intelligent man.

Don said he was very grateful for his Lifetime Achievement Award, and that it was a great honour. Don generously donated frequently to the Rotary Club of Brisbane Public Ancillary Fund, and his request at this Award was to donate to CEO James Peterson , founder of https://www.breakingfree.org.au/ourschoolprogram , who continue to do amazing work to help with mental health and youth suicide.

Don O'Donoghue established Brisbane Orthodontics in December 1966 as a part time practice in rooms at 371 Queen Street. Don had graduated in Dentistry from the University of Queensland in 1959 and had then worked as a School Dental Officer in Toowoomba. In 1961 he was accepted into the Orthodontic Specialist Training Programme at the University of Illinois in Chicago and completed his training in 1963. On his return to Brisbane, Don was appointed as Senior Dentist in Charge of the Orthodontic Department of the newly opened Childrens Dental Hospital on St Paul's Terrace. He ran the private practice on a part time basis for a year and then late in 1967 he resigned from the Dental Hospital and began full time private specialist orthodontic practice. At that time there were only a half dozen private orthodontists in Queensland. The practice outgrew the space available at 371 Queen Street so that in November 1973 Don moved to its present location on the 7th floor at 141 Queen Street (formerly the T & G Building).

Don O'Donoghue retired from practice on 23rd December 2000. He is survived by his wife Deann and four children.

Presents

A NEW YEAR with a

ROTARY SNAPSHOT

PEACE

Positive Peace is not simply a lack of conflict.

It is the active effort to create equitable and resilient societies where people can reach their potential.

When Rotary members volunteer their time and skills — whether they're approving economic development grants to support local businesses, installing toilet facilities to help students stay in school, or building accessible playgrounds that every child can use — they're investing in their communities.

And what all Rotary projects have in common is that ultimately they contribute to a more peaceful society. This is Positive Peace — when we create communities where neighbours can thrive socially, emotionally, and economically.

The Eight Pillars of Positive Peace are:

- Low levels of corruption
- Acceptance of the rights of others
- Free flow of information
- Sound business environment
- High levels of human capital
- Equitable distribution of resources
- Good relations with neighbors
- Well-functioning government

PEACE POLE DEDICATION **Monday 12th February, 12.00 Noon.** **PETRIE TERRACE STATE SCHOOL, 40 Moreton Street, Paddington**

Lunch afterwards at the Normanby Hotel at 12.30 pm.

QBI Committee Meeting also at 12.30 pm.

District 9620 Conference 2024

PRESIDENT
Phil Saxby

I run a charity called **Safe Haven Community**.

We help women and children fleeing domestic abuse (coercive control) with crisis accommodation & case management. We are not Government funded and raise funds ourselves to keep the service available to those in dire need.

We are having a Gala fundraiser 23 March at the Greek Club in West End.

I was wondering if your Rotary Club would consider supporting this community event by organising a **table of 10** to attend?

It would mean the world to us if you could help.

The details are on our **website**: https://www.safehavencommunity.com.au/events/2024-gala-dinner.

Thank you for your kind consideration. I can be reached on 04 0268 4199 if you have any questions.

The Rotary Club of Brisbane Inc.
January 12th , 2024

Dear President Phil ,

Good day! I hope this mail finds you well!

I am writing to invite you, the members of your Rotary Club, and the partners to our 40th Charter Anniversary. The celebration events will take place at Taipei from April 18th (Thu.) till April 19th (Fri.) 2024. Please refer to the below schedule for more information.

- April 18th (Thu.), 2024
  18:00 Welcome dinner party

- April 19th (Fri.), 2024
  08:00-15:00 Golf/ Tour/ Free time for Optional activities
  17:30 Registration
  18:00 Celebration party / meeting
  (SHERATON GRAND TAIPEI HOTEL:
  No. 12, Sec. 1, Zhongxiao E. Rd., Zhongzheng Dist., Taipei City 100024, Taiwan)

Dress code for the celebration party & meeting will be suit and tie; for other activities will be casual. It is highly appreciated if you could provide the names of your club members and the partners who would be able attend the celebration in advance. I deeply look forward to seeing you and your members in Taipei this April!

Please feel free to contact me directly if you have any questions.

Yours truly,
Chien-Yu Chuang (Rtn. Alex)
President 2023-2024

Denise Schellbach has now been arranging this for 23 years.

Rotarians and friends have assisted her. *Staff from Lord Mayor Schrinner's office (right) also regularly assist.*

EDDIE'S VAN serving breakfast to Wickham Terrace homeless Monday to Friday during Christmas school holidays. The last 2024 day was last Friday.

SPOT THE MEMBER

EDDIES VAN – A SHORT HISTORY OF A LONG COMMUNITY SERVICE

As part of their Campus Ministry, students, staff, parents and Old Boys of St Joseph's College, Gregory Terrace, supported by friends and community groups, conduct a Big Brekkie for homeless people (and those merely hungry) in and around the gardens of the inner city each weekday morning. The van is affectionately named after Edmund Rice, Roman Catholic missionary and educationalist, founder of the Congregation of Christian Brothers and the Presentation Brothers and it has in fact been operating for well over 23 years.

23 years ago, however, it came to the attention of Rotary Club of Brisbane Rotarian Denise Schellbach that over the Christmas holidays, Eddie's Van was retired to its garage because staff and students of St. Joseph's were all on holidays, and this period is in fact one in which demand for the van's services is very high. Ever since then, Denise has organised for Eddie's Van to continue operation over the Christmas holiday period.

The Rotary Club of Brisbane has embraced the effort as a club project and provides many of the volunteers who operate Eddie's Van each weekday morning from 6.00 am to 8:30 am, but the operation would not be possible if there was not also significant help from Friends of Rotary and the wider community, so it is a genuine community project.

Running Eddie's van is a significant job. First of all, consumables like food, petrol, and gas need to be procured on a regular basis. Then a roster of helpers needs to be drawn up and maintained. Last but not least, a minimum of 3 people need to get to the Eddie's Van garage each morning at 6.00 am, prepare the food for cooking, load the van, drive to Wickham Park, cook and distribute an average of 70 hot breakfasts per day, and then drive back to the garage and clean the utensils ready for the next day.

Denise will hand the keys to Eddie's Van back to the staff and students at St. Joseph's school for another school year in February.

SPOT THE MEMBER

RARE Opening Day Saturday, 3rd February at Alexandra Hills

The event was graciously catered for by the Rotary Club of Cleveland, at no charge.

A BBQ and dessert was provided.

Pictured below is the main receiving/sorting/packing shed for medical supplies, equipment and books.

The facilities at the new premises are considered to be the best in Australia (for Rotary Australia Repurposing Equipment (RARE)

SPOT THE MEMBER

RARE Opening Day Saturday, 3rd February at Alexandra Hills

Dignitaries including Senator Paul Scarr spoke.

DG Paul Rogers (above left) and other Rotarians spoke and presented awards.

Paul Harris Fellowship Awards and Certificates of Appreciation were presented to electricians, plumbers, building surveyors, builders and more. Many of the volunteers provided hundreds of hours of free labour.

PP John Paskin
PDG George Grant
Co-Managers RAWCS Northern Region RARE

RCoB President Phil Saxby was presented with a Certificate of Appreciation for his contribution to the project.

Phil's supportive wife, Lyn, is pictured below with RCoB Rotarian Denise Schellbach.

MEMBER SPOTS

Denise Schellbach thanked all those volunteers who assisted with Eddie's Van. Denise said, "It's not just about the cooking. We're reaching out to people with mental health issues." Denise also provided a rundown on the guest speakers over the coming weeks.

Keith Watts offered congratulations to President Phil Saxby for the certificate of appreciation awarded on Saturday. Keith also thanked Michael Stephens for delivering the International Toast for Charleston. RCoB sent a copy of the Bulletin and Charleston responded by providing contacts to allow the sister club relationship to resume. Keith also acknowledged that the publishing of the weekly bulletin, which was instigated by President Phil Saxby, was paying dividends.

DGN Mark Williams reported that interest in the QBI project is starting to snowball. Pine Rivers Club is requesting assistance for their QBI initiative.

Celia Grenning informed the meeting that Micky Ginsberg from Morestown Rotary Club, New Jersey, is planning to donate USD 2,500 to the PNG chicken farming project.

Ali Umel told the meeting that he is travelling to PNG tomorrow to roll out the chicken farm project. He will report back to the club in few weeks' time.

GUEST SPEAKER — Cathy Booth — Umoja Orphanage, Kenya

Cathy Booth (Bundaberg Sunrise Club) showed the RCoB what can be achieved if you stick at something and relentlessly chip away for many years —even when the odds are against you. Cathy provided the Club with an absolutely inspirational presentation on her work in building an orphanage in Kenya.

Cathy travelled to Kenya 13 years ago for a holiday and volunteered. After the initial visit, she returned 3 times and anticipated only staying in Kenya for one year. One year turned into 13 and hare are some of the milestones:

- ◊ Purchase of 15 acres of land in 2012 and fencing the project.
- ◊ Construction of caretaker / security quarters.
- ◊ Provision of a water bore.
- ◊ Build the first house for the children and accept the first children by 2016.
- ◊ An additional house, cow sheds, chicken sheds and a generator were added.
- ◊ During Covid produce couldn't be sold and the staff went on half pay.
- ◊ Post covid—a second chicken shed and a hydroponics facility for vegetables were built. 5 acres of land are now farmed / irrigated and produce is sold to the local businesses.

- ◊ Nurses provide a free clinic which can provide medical treatment for up to 750 patients.

GUEST SPEAKER — Cathy Booth — Umoja Orphanage, Kenya

◊ Up to 8,00 children are fed on a Sunday.

◊ Children staying at the orphanage include abandoned children, rape and sexual abuse victims, and orphans.

◊ Children can stay in the orphanage until they are 18. So that they can become self sufficient, they are trained in a skill (hospitality, bike repair, etc) or sent to university.

Now entering our 13th year at the Umoja (working together) Project, our impact extends beyond the walls of our loving home. By supporting us, you're not just nurturing the dreams of abandoned, chronically neglected and orphaned children; you're also fostering a ripple effect of positive change within the local community. We actively collaborate with small businesses and contractors, providing employment opportunities and contributing to the growth of the local economy. By choosing to support our cause, you're investing in a cycle of empowerment—creating jobs, supporting local businesses, and strengthening the very fabric of the community. Together, we can build a brighter future for the children under our care while simultaneously uplifting the entire community. Your partnership with us is a testament to the transformative power of compassion and community involvement. Join us in creating a legacy of positive change that transcends generations.

Umoja Orphanage Kenya aims to help children and communities break the cycle of poverty.

Umoja Orphanage Kenya assists:

◊ **Orphaned and vulnerable children** aged 0 – 16.

◊ **Local widowed mothers**—employed as house mothers and house aunties.

◊ **Holding free health clinics** – both medical first aid and hygiene clinics.

◊ **Local tradesmen**—through the building of the project buildings and ongoing maintenance.

◊ **Local businesses**—through purchase of materials, livestock and supply of goods from agricultural gardens on site.

◊ **Disabled local village people**—to help teach skills of the Kenyan culture.

◊ **Local villagers**—in vocational training and employment.

◊ **Local taxi drivers**—transporting volunteers to our project and from airport.

◊ **Local storekeepers**—to provide initial food.

◊ **Training community volunteers** in practical support, material support, emotional support, educational support, recreational support, legal support, cultural & religious support, guidance on water and sanitation & health promotion.

◊ **Community** sharing—through sporting fixtures, social events, and donations in kind to the local community.

GUEST SPEAKER — Cathy Booth — Umoja Orphanage, Kenya

Heading 'home' to their villages to reconnect

During every Christmas season, charities worldwide fervently seek support.

However, in Kenya, where social security is nonexistent, and government assistance is lacking, the fate of our orphaned, abandoned, and vulnerable children rests in your compassionate hands.

It is because of your generosity that we are able to provide a safe haven for these children. Your contributions enable us to continue our vital work, nurturing and uplifting these beautiful souls, while also offering our dedicated staff a source of hope through meaningful employment.

At Umoja Orphanage in Kenya, we deeply understand the profound significance of family ties and the intrinsic need for children to forge connections with their roots. Committed to fostering a sense of belonging, we actively facilitate opportunities for our children to return to their villages. Through these meaningful journeys, we aim to reignite the familial bonds that have been disrupted for so many reasons. It is a transformative experience, allowing our children to reconnect with their cultural heritage, traditions, and the embrace of their extended families or village elders.

By providing this invaluable opportunity, we believe in not only offering a chance to rediscover their origins but also in sowing the seeds of enduring familial relationships, grounding them in a profound sense of identity and love. At Umoja, we are dedicated to nurturing not just bodies and minds but the very essence of familial connection and belonging. Most of our children are at present reconnecting in their villages over the holiday period, but for some, there is only Umoja, where there is always love and care for them in the absence of any relatives.

First Day Back at School, 2024

As the school year begins for the children at Umoja, a new chapter unfolds with the promise of further education and growth. Our children don't look very happy at the early start of day 1 after their long Summer break.

Each morning, our resilient young ones rise early, eager to embrace the opportunities that lie ahead. By 7 am, they are in their classrooms, equipped with dreams and aspirations. The school day is an enduring one, with lessons extending until 4:30-5:00 pm, underscoring the children's commitment to their education. Despite the long hours, these remarkable kids approach their studies fueled by the hope that education holds the key to a brighter future, then they return home for at least an hour of homework, before a short play, dinner and bedtime. Your support can make a significant impact, providing resources and encouragement to ensure that every child in our care has the chance to thrive academically and beyond.

Out of the Water Rises a New Chicken Shed

Our new chicken shed is complete and new chickens in residence. We really thank donors who contributed to helping us purchase new layers and funds towards our chicken shed together with the hybrid chickens in the wake of losing so many from our recent flooding of our existing chicken shed and the loss of our stock.

Having layers and hybrids helps us with our sustainability, as we sell to restaurants and markets, as well as providing meat and eggs for our children.

RAFFLE & SERGEANT

RAFFLE The raffle was drawn by Denise Schellbach and won by Chris Muir. The joker was not drawn and Chris returned the favour from the previous week, he blamed his wife for the loss!

SERGEANT PE and Sergeant Angela Murphy, aided and abetted by President Phil Saxby, fined nearly every member this week for failing in the Spot the Typo test. Only Dymphna Muir and John Smerdon didn't receive fines. Denise had to find a wheel barrow to transport the buckets of cash in! Spot the Typo will continue; members must bring in written proof showing the typo in Bulletin, or face the wrath of our ever vigilant Sergeant.

MEETING CLOSED PE Angela Murphy closed the meeting at 1.46 pm.
